

Screenshot linting fail

The screenshot shows a GitHub Actions workflow run for a project named 'CuongMai1810'. The workflow is titled 'Parallel runs' and is located at the path 'app.circleci.com/pipelines/github/CuongMai1810/cloud_devops_project_5_cmh/22/workflows/55328fdb-def3-44a2-949d-97feb31fd2a9/jobs/43'. The workflow consists of several steps: 'Spin up environment', 'Preparing environment variables', 'Checkout code', 'Restoring cache', 'install dependencies', 'Saving cache', and 'run lint'. The 'run lint' step is highlighted in red, indicating a failure. The error message is: 'app.py:7126: E0001: invalid syntax (unknown, line 7) (syntax-error)'. The error message is displayed in a terminal window within the workflow run.

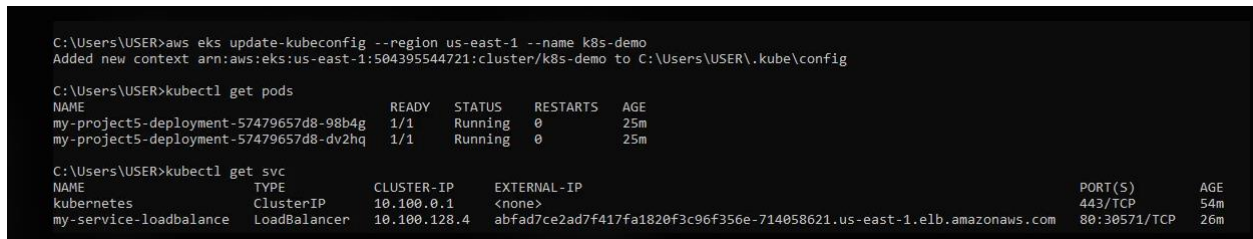

Screenshot deployment success

The screenshot shows a GitHub Actions workflow run for a project named 'CuongMai1810'. The workflow is titled 'deploy-config' and is located at the path 'app.circleci.com/pipelines/github/CuongMai1810/cloud_devops_project_5_cmh/21/workflows/d3f59a20-febc-4ff5-9d45-eef3c9081e20/jobs/42/parallel-runs/0/steps/0-113'. The workflow consists of several steps: 'deploy-config', 'Create/update the k8s resource', and 'deployment.apps/my-project3-deployment configured'. The 'deployment.apps/my-project3-deployment configured' step is highlighted in green, indicating a success. The success message is: 'deployment.apps/my-project3-deployment configured'. The success message is displayed in a terminal window within the workflow run.
